Tydings Takes Lead In Maryland Battle

SEE VICTORY FOR FDR FOE

BALTIMORE, Sept. 13.—(UP)—Sen. Millard E. Tydings, opposed by President Roosevelt, today assumed an apparently insurmountable lead in the Maryland Democratic Senatorial primary over his New Deal opponent, Rep. David J. Lewis.

Returns from 789 of the state's 1289 precincts gave: Tydings 119,168, Lewis 81,999.

Maintains Lead

Tydings held leads in nearly all of the state's 35 election districts carrying 88 votes in the party nominating convention more than sufficient to insure his nomination if he maintains his margin. Lewis was ahead in four election districts with 25 convention votes. Returns from the remaining districts were unreported or inconclusive.

Under Maryland's primary system voters in yesterday's hard-fought election cast their ballots for delegates to the party nominating convention which will formally name the Democratic nominee. The state's 29 counties and six election districts in Baltimore have a total of 149 votes in this convention with 75 required to nominate.

Confident Tydings was confident of nomination. Lewis forces, however, did not concede defeat. They had hoped that lagging rural returns might change the trend.

The bitterly fought Senate race overshadowed Maryland's other primary contests.

In the Republican Senatorial contest Judge Oscar Leser of Baltimore led Gale L. Tait of Montgomery county about 2 to 1. Gov. Harry W. Nice snatched under State Sen. Harry T. Phoebe for renomination.

In a four-way contest for the Democratic gubernatorial nomination Attorney General Herbert R. O'Connor held a substantial lead over Mayor Howard W. Jackson of Baltimore, his nearest opponent.

In the Congressional races four incumbent congressmen won renomination. They were: Rep. T. Alan Goldsborough, William F. Cole Jr., Ambrose J. Kennedy, and Stephen W. Gammill.

In the sixth Congressional district where three candidates sought the Democratic nomination for the seat vacated by Lewis' early returns were inconclusive. Republican congressional nominees were without primary opposition.

Downey Predicts Bourbon Victory

LOS ANGELES, Sept. 13.—(UP)—Victory for the entire California state Democratic ticket in November was predicted today by Sheridan Downey, party nominee for United States Senator.

Here for a conference with party leaders, he said the issue in the coming election is one of "reaction versus progress."

For his own part, Downey said, he welcomed Philip Bancroft, the Republican Senatorial nominee, as his opponent "because Mr. Bancroft so completely exemplifies the forces of reaction which have been in control in California and which the voters are now casting off for more vigorous and sympathetic leadership."

"With all respect for Mr. Bancroft personally," Downey said, "I could not have been more fortunate in the selection of an opponent if I had made the choice myself."

CIVIL SERVICE FOR ALL CITY EMPLOYEES SLATED BY COUNCIL

Machinery was in motion today whereby employees of all city departments of Santa Ana would be sheltered by civil service, operating under regulations similar to those now applying to police and fire departments.

This situation is the result of, of almost every other angle that the submission of a seven-page report last night to the board pointed out that Santa Ana's voting majority had voiced itself in favor of placing police and firemen under civil service, and there seems to be no logical reason why all other city employees should not enjoy the same privilege.

In all, there are approximately 275 city employees, and at least 100 more would be affected if the committee set up to consider last night's recommendations drafts an ordinance that is acceptable for council.

In addition to the consideration

FDR Attacks Utopia Move

WASHINGTON, Sept. 13.—(UP)—Informed quarters said today that President Roosevelt plans to recommend broad changes in the social security act to congress in an effort to prevent the spread of Utopian pension plans.

Reliable sources said that the president would incorporate his proposed changes in a special message to the new congress soon after it convenes in January.

Three Changes

Changes that will be sought, it was said, include: 1.—Beginning payments of old age insurance in 1940 instead of 1942 as now planned. 2.—Increasing the minimum monthly old age insurance payments from \$10 to \$30 and decreasing maximum payments from

CORRIGAN ADMITS OCEAN HOP PLANNED

LOS ANGELES, Sept. 13.—(UP)—The secret of Douglas Corrigan was planning to fly to Ireland all the time.

The wrong way flyer, winding up his welcome-home triumphs here today, admitted for the first time that it wasn't a compass mistake, as he had said, that sent him to Dublin instead of Los Angeles.

"I really did mean to start out for Ireland," he grinned. "There are so many aeronautical experts here that it would be impossible to fool them."

Corrigan was resting today, while crowds gathered around the \$900 flying crate that took him non-stop from Long Beach to New York, and thence across the ocean to Dublin.

He was weary from an enthusiastic reception yesterday by the town he supposedly was looking for when his little plane drifted over the ocean to Ireland. There were two parades, and a "wrong way" luncheon, at which a green upside down airplane was printed atop the menu—which was spelled "unem" and began with "essat ined" and ended with a "liakkee thurt almroflac."

To Fly North Asked where he was going next, Corrigan grinned and said: "To Oakland, San Francisco and Sacramento, for some more invitations."

He is due tomorrow at San Francisco, flying the old Curtiss Robin, that broke a cylinder head and delayed his arrival from San Diego an hour and a half yesterday.

Humane Officer Is Sworn In

William R. Everett, who has been a state humane officer under sponsorship of the Glendale Humane Society, today was sworn in by Superior Judge G. K. Scovell as a humane officer in Orange County, operating under the Orange County Humane Society, which is incorporated.

Everett transferred his operations to Orange county at noon today and assumed his new post, relinquishing his Glendale position. Provisions of the state law provide for appointment of such humane officers, under sponsorship of incorporated humane societies.

Funeral services for Aver L. Hirsch, 67, former St. Louis attorney, who died here Sunday of a heart attack, will be held in St. Louis, it was announced today.

Hirsch, who came here two years ago after practicing law for 40 years in the midwestern city, is survived by his brother, Urban S. Hirsch, Los Angeles department store owner, and a nephew, Urban Jr. Aver Hirsch was a bachelor. His brother will take the body east, perhaps tonight.

Skoda Guns Again Roll In Europe

In the World war, the huge guns from the Skoda works helped the early German advance by blasting away the Belgian forts. BRIDGES TESTIFIES AT CONTEMPT TRIAL

LOS ANGELES, Sept. 13.—(UP)—One count of contempt of court already dismissed, Harry Bridges, west coast CIO director, briefly testified in his own defense to the remaining count before Superior Judge Edward T. Bishop today.

Bridges' testimony concerned a charge growing out of the release to newspapers of a telegram he sent to Secretary of Labor Frances Perkins, in which he termed a decision of Superior Judge Ruben S. Schmidt as "outrageous."

Had Authority The leader declared that James D. O'Neil, former publicity director, who admitted releasing the telegram, had full authority to do so. At the same time Bridges revealed he sent a similar telegram to Joseph Kennedy, then head of the federal maritime commission.

Attorney Michael Luddy for the bar association argued that Bridges should be held in contempt even though he did not personally release the telegram because he had delegated this authority to O'Neil.

Attorneys began final arguments following Bridges' brief testimony.

Prison Bad Boy Wins Reprieve

FLORENCE, Ariz., Sept. 13.—(UP)—A last-minute appeal to the state supreme court today halted the scheduled execution Friday in the Arizona state prison lethal gas chamber of Archie Lee Short, alias James Bailey, 25-year-old prison "bad boy."

Warden John S. Eager said he had withdrawn a death warrant established over the condemned man when he was advised of the appeal. Short shot and killed Jack Hickox, deputy sheriff, at Ray, Ariz., after breaking from the prison farm with four other convicts last June 7.

Pair Jailed As Stage Bandits

PHOENIX, Ariz., Sept. 13.—(UP)—Two Arizonians, Vernon Moody, 24, and Edward C. Nicodemus, 47, jailed in Kansas City, Mo., were charged here today with the \$22,500 payroll robbery of a mail stage near Taylor, Ariz., last Wednesday.

H. H. Smith, postal inspector, signed a complaint before U. S. Commissioner Daniel Hurley and left for Kansas City to return the men for action of the federal grand jury.

Moody, a butcher who has been living in Suffolk, Ariz., for several years, and Nicodemus, a native of Miami, Ariz., were charged with holding up the stage 10 miles south of Taylor and seizing registered mail pouches containing the money.

LA GUARDIA IRKED BY HINES RULING

PHOENIX, Ariz., Sept. 13.—(UP)—Mayor Fiorello H. LaGuardia of New York, here to visit his boyhood home in Prescott, Ariz., paused today to comment on the mistrial ruling handed down by Supreme Court Justice Ferdinand Pecora in the case of James J. Hines, Tammany district leader.

Seeking details of the ruling, the Gotham executive snorted: "We've been spending \$100 a week to air cool that courtroom—and now it's a mistrial."

Attends Rally LaGuardia made an appearance at the final Democrat rally for the Arizona primary election today, "I know just how every candidate feels at this moment," he said. "I've seen through it 13 times myself."

The mayor stepped off a transcontinental train last night and for 75 minutes was borne along on the riot of acclaim before escaping to his hotel.

Tomorrow morning LaGuardia will go to Prescott, where he went to high school and was for a time a cowboy before rising to be chief executive of the nation's largest metropolis. He will probably leave Thursday for San Francisco before going on to Los Angeles to attend the American Legion convention.

Motion Picture Attendance Booms

HOLLYWOOD, Sept. 13.—(UP)—Because motion picture theater attendance is up from 10 to 20 per cent over the same period of last year, film producers took heart today and announced they were "stepping up" their film budgets for fall production.

The attendance increase was attributed to two causes—an advertising campaign waged as "motion pictures are your best entertainment," and to a better run of films.

Studios hoped, through increased budgets, to carry on with better pictures. They pointed out that there were at least six smash successes now being shown where two previously had been a good average.

Poland Slates New Elections

WARSAW, Poland, Sept. 13.—(UP)—President Ignacy Moscicki dissolved both houses of Parliament today to permit reform of the electoral law.

When the President signed the decree of dissolution, he announced that new elections would be held but did not specify the date.

It was reported authoritatively that the main task of the new Parliament will be to change the present electoral law which the opposition long has denounced as undemocratic.

Well informed sources said dissolution of Parliament was ordered because the President considered that the legislative bodies no longer represented the feelings of the country.

Stocks Take "Nose Dive"

NEW YORK, Sept. 13.—(UP)—The stock market crashed today with a severity recalling the days of 1929.

Prices fell as much as \$10 a share from the day's highs in frenzied selling set off by the Sudeten German ultimatum to Czechoslovakia.

Trading in the last minutes, following news of the ultimatum, was so heavy that tickers were 15 minutes behind when the stock exchange closed at 3 p. m.

Selling Rush Because of the selling rush, trading in General Motors stocks had to be discontinued from 2:49 to 2:53 p. m. The stock later sold at \$43 off \$5.25 from the day's high. It was closed at \$43.50 off \$3.37½ from the previous close.

MAINE RE-ELECTS GOP AS GOVERNOR

PORTLAND, Me., Sept. 13.—(UP)—Maine re-elected a Republican governor and three Republican Congressmen, almost complete returns from yesterday's election showed today.

The voting ran true to most predictions. Its national significance was lessened by the fact that since Maine defied the 1936 Roosevelt landslide and went for Alf M. Landon for President in 1936, the old adage . . . "so goes the nation," had been popularly rejected.

Sought 3rd Term With only two of the state's 634 precincts missing, Gov. Lewis O. Barrows had 156,549 votes against 142,846 for his Democratic opponent, Louis J. Brann, a former governor seeking an unprecedented third term.

Complete returns from the first congressional district gave Rep. James P. Oliver, Republican, 57,327 votes and Harold D. Emery, Democrat, 40,438.

Only two precincts were missing in the second district and Rep. Clyde H. Smith, Republican, had 52,512 votes, and F. Harold DuBord, had 48,572.

Complete returns from the third district gave Rep. Ralph O. Brewster, Republican 49,690 and Melvin P. Roberts, Democrat, 29,833.

Man Jailed For Shooting Wife

SALINAS, Calif., Sept. 13.—(UP)—Gabriel Fernandez, 45, who assertedly shot his wife then used the same gun to beat the man he accused of being attentive to her, was held in county jail today facing a charge of attempted murder.

His wife, Pearl, 26, was in serious condition at the Salinas hospital. Bert Berry, 31, was treated for cuts on the head.

Fernandez, a fisherman, told police he believed his wife, estranged, had been going out with Berry. He entered their apartment and fired six shots at his wife, officers said. Four of them struck her.

Pamphlet Quiz Starts Tomorrow

With its organization completed, the county grand jury today was ready for its special investigation of a political pamphlet which caused it to be empaneled, hearings being scheduled to start at 10 a. m. tomorrow.

A. R. Benson, Orange, was elected secretary of the grand jury at its first session yesterday, after Judge James L. Allen, who summoned the grand jury into special session and drew its members, appointed William Schumacher, of Fullerton, as foreman.

RIVER PROJECT OKED WASHINGTON, Sept. 13.—(UP)—Maj. Gen. Julian L. Schley, chief of army engineers, today approved surveys on the Little Colorado river in Arizona from northwestern New Mexico to the San Francisco mountains in Arizona, and from the Colorado river southward 140 miles.

Another survey approved was a project for widening the entrance of Collinsville cut on the Sacramento river in California; for removal of islands from the channel and construction of a turning basin at the head of the cut, with other improvements.

DEMANDS GOVERNMENT ABANDON MARTIAL LAW IN SUDETEN TERRITORY

BULLETIN PRAGUE, Sept. 13.—(UP)—The government has decided to ignore the Sudeten German ultimatum, it was announced officially tonight.

PRAGUE, Sept. 13.—(UP)—The Sudeten Germans issued a six hour ultimatum to the Czech government tonight to withdraw its declaration of martial law and remove all Czech police from the Sudeten area.

The ultimatum was telegraphed to President Edouard Benes by Konrad Henlein, leader of the Sudeten German party, who was at Eger, center of some of the worst disturbances.

Fighting Imminent It was not immediately announced what Henlein threatened to do if the ultimatum is not complied with, but observers felt certain that sanguinary fighting would break out if Benes rejects it.

Czechs felt that withdrawing their police force from the Sudeten areas would be tantamount to surrendering the territory to the Sudetens, leaving it open to annexation by Germany.

If the Sudetens have their way, it was believed, an early plebiscite under German supervision, backed by the Reich army, would result, and the territory would be lost to Czechoslovakia.

Make Demands Sudeten headquarters announced that the party had demanded that police power in the Sudeten districts be turned over to local authorities.

The time for expiration of the ultimatum was not given but was believed to depend on the time of the ultimatum's arrival at Benes' office.

Decline Responsibility The ultimatum said the party "declines all responsibility for further developments" if its conditions are not accepted and carried out by radio and published within six hours.

The Sudetens especially stressed that it would be impossible to continue negotiations for a settlement as long as emergency measures are in force and Germans are not safe.

It was announced officially that up to 7:30 p. m., 11 had been killed and 19 wounded in the Sudeten area. Unofficial estimates gave 15 killed and 40 wounded.

Quit Publication The Sudeten German press service announced it was suspending publication until further notice after it had issued the following statement: "The conference at Eger of executive officers of the delegation charged with negotiations on be-

half of the Sudeten German party examined the situation created by the government's latest measures. "The party leaders pointed out that in February Hodza (Premier Kamil Hodza) declared the government would not undertake any important steps without consulting the German representatives.

Demand Plebiscite "Although the four members of the Sudeten German delegation were in Prague and maintained telephonic contact with the premier's office, the government this morning ordered and carried out extremely far-reaching and disquieting measures without consulting the Sudeten German leaders."

Reports were circulated that the Sudetens now declare Henlein's original eight Carlsbad demands, calling for absolute Sudeten autonomy and equality with Czechs, were now insufficient and that a plebiscite is demanded.

Close Headquarters Henlein party headquarters in Prague closed down tonight as "a

Many Die As Sudetens Riot; Explosion Near

LONDON, Sept. 13.—(UP)—Events in Europe moved rapidly towards a climax tonight which seemed to threaten at any hour the spark that might set off an explosion in Czechoslovakia.

Reports poured in hour by hour of killings and fighting throughout the Sudeten area of Czechoslovakia, and the government declared martial law.

6-Hour Deadline The Sudetens reported by sending to President Edouard Benes an ultimatum giving him six hours to rescind the martial law decree and virtually surrender the Sudeten area to the Sudeten Germans by withdrawing all Czech police.

The British government, stunned by the import of the ultimatum, held an urgent meeting at No. 10 Downing street—a war preparedness meeting not excelled since 1914.

Plan Defense Prime Minister Neville Chamberlain drafted plans with the key that if the Czechs resist, German cabinet ministers and the heads of many will move in and act.

The feeling was unmistakable that if the Czechs resist, German cabinet ministers and the heads of many will move in and act.

FRENCH CABINET MINISTERS RUSH PLANS FOR WAR CRISIS

PARIS, Sept. 13.—(UP)—Cabinet ministers and high military and civil officials worked at top speed today to complete plans for emergency measures in case of war.

A conference, which lasted all day, came after a cabinet meeting at which Premier Edouard Daladier was understood to have been entrusted with any power to take whatever steps he considers necessary.

Ready For War Daladier planned to be fully prepared regardless of whether Adolf Hitler's speech of yesterday postpones the crisis or whether it is

CITIZENS TO GIVE SUPPORT TO DRIVE OF S. A. DRUM CORPS

More than a score of civic-minded citizens, who already were subscribers of The Register, today had made contributions to the general fund that will make the Santa Ana Drum and Bugle Corps one of the outstanding units of its type at the national convention of the American Legion next week in Los Angeles.

Returning to the city last night from Anaheim where the corps rehearsed in public and were given a royal reception and lengthy ovation, members of the outfit today were more enthusiastic than ever before. Marion Dodder, chairman of The Register-Legion Drum Corps Convention Fund Committee, reported.

Anaheim, like the majority of cities and towns in Orange county, was eager to lend full support to the local contingent, which Monday will be in nationwide competitions to bring a national championship to Orange county. All California is watching the Santa Ana group, and hoping that the local division will sweep the field to bring honors once again to the Golden State.

Dodder pointed out that scores of citizens have joined in the campaign by giving cash contributions at his place of business at 308 1-2 West Fourth street. "They already were subscribers of The Register, so they chose this method of giving support to the organization that is anxious to put Santa Ana and Orange county on a world-wide map," Dodder said. Those listed as having contributed to the fund yesterday were: Irvine Company; Ernest Winbigler; C. Van Wyk; L. Steinkopf; Mother's Club; Marquise Cafe; H. Rasmussen; Otto Jacobs; Sam Hurwitz; Grand Central Garage; Santa Ana Register; Broadway Market; Newmark Clothing Co.; Smith and Tutill; Oakwood Winery; Ralph Mitchell; Sheriff Logan Jackson; Justice W. E. Morrison; Lawrence Smoke Shop; J. C. Lamb; Judge H. G. Ames; Samuel Hart; Mary E. Sandon; Hockaday and Phillips; E. Van Oost; Virgil Marr; Orange County Auto Parts; V. V. Tibbs; E. Burris, and C. J. Skirvin.

OPEN STAMP STORE

Announcement was made today by T. Blakemore of the opening of the Santa Ana Stamp company at 418 North Broadway. A collector of stamps for more than 40 years, Blakemore has specialized in United States stamps and today has a complete collection of U. S. issues. One stamp in the collection is valued at \$3500.

FAMED BEAUTY, WIDOW OF LATE JAY GOULD, COMMITS SUICIDE

NEW YORK, Sept. 13.—(UP)—Mrs. Anne Graham Gould Strotz, famous beauty of the World War period and widow of Jay Gould, committed suicide today in the Park Avenue apartment to which she moved yesterday with her sportsman-broker second husband, Harold C. Strotz.

Police Serving Bench Warrants

As the result of work on the part of Officer Tom Kinney and other members of the Santa Ana police department in the last week, the city treasury has clanked with several hundreds of dollars more than otherwise would have been collected.

Kinney during the last several days was one of the officers chiefly assigned to the service of bench warrants upon men and women who failed to appear in municipal court to answer to a variety of charges filed against them.

During yesterday, service of the warrants and appearance of defendants resulted in collection of nearly \$125.

"There are still more to be served," Kinney said today, "for it appears many who had been notified of charges against them have the impression that 'to forget means to forgive.' But the court doesn't look at it that way, and the police department is busy checking up the delinquents."

European use of coffee as a beverage dates from the 17th century.

Son In West

A note addressed to her son, Jay Gould, Jr., great grandson of the railroad magnate, was found in the apartment, but its contents were withheld. Young Gould was said to be in California from where the Strotz's returned yesterday.

Mrs. Strotz was widowed in January, 1935, when Gould—heir to millions and for 20 years tennis champion—died. She married tobacco magnate, that October.

Since then they have traveled extensively although they maintained a permanent home in Hollywood. The Gould-Graham marriage was one of the major social events of 1911. The bride, who inherited her beauty from her mother, an Hawaiian princess, met Gould in 1910 and for a year speculation as to their romance circulated in social circles. Members of the former royal house of Hawaii attended the ceremony.

Musatti To Talk Before Kiwanis

Balloting for nomination of officers for the 1938-39 year and an address on the subject of "The Founders of the Republic" by James Musatti will occupy the attention of members of the Santa Ana Kiwanis club at the regular meeting tomorrow noon at the Masonic temple.

President Maurice Enderle announced the following members had been appointed on the election committee: Cood Adams, Carl Hams, George A. Parker, Hugh J. Lowe, and Les Phillips. The club will vote on nominations for president, vice-president, treasurer, and three directors. Election will be held October 12.

Warning Issued On Water Bills

LAGUNA BEACH, Sept. 13.—Notices have been served on many residents of Laguna canyon, warning that unless delinquent water bills are speedily liquidated, service will be discontinued. Following the disastrous canyon flood of last spring, which destroyed the water service line, an emergency pipeline constructed by the county water district, has supplied drinking water from the mains of the Laguna Beach county water district.

Following reports to the board of supervisors last week, drastic action was decided upon, unless outstanding bills are paid in full.

CELLIST MAKES BOW THURSDAY

Edwin Geber, renowned as one of the county's most accomplished cellists, will make his bow to local audiences as soloist Thursday evening, Sept. 22, when the Federal Music Project's Symphony orchestra. A critic in a recent season at the high school auditorium at \$15.

For the past year, Geber has been principal cellist with the orchestra. A critic in at recent concert review spoke thus of the young artist: "Edwin Geber clearly showed whence came the cello. One we have been admiring in previous federal concerts." He has selected to play Lalo's "Concerto in D Minor," a vehicle admirably suited to his splendid technique.

Formerly a pupil of Axel Simonson and Fritz Gaillard, both long associated with the Los Angeles Philharmonic, he is now studying with Lajos Shuk, renowned cellist and conductor, preparing for the concert stage—a career that does not appear far distant for this gifted musician.

The orchestra will begin its program with a performance of Cesar Franck's "Symphony in D Minor" of which it has been said: "It is a continual ascent towards pure gladness and life-giving light because its workmanship is solid and its themes are manifestations of ideal beauty." Accounted one of the greatest in the world's library of great music, Leon Eckles conductor, has chosen the symphony as an appropriate opening for the concert prelude which promises much in the months to come.

Many concert-goers are of the opinion that no program is complete without the inclusion of at least one of Bon Weber's celebrated overtures—the overture to "Oberon," "Der Freischutz," and "Euryanthe." It is the latter with its jubilant theme which will provide the lack that music lovers might otherwise deary.

The Russian school of music will be adequately represented by Liadov's scherzo, "Kikimoro," (based on the legend of Kiki's childhood, his growth into a phantom and the learning of strange, evil noises as taught him by the Witch who raised him in the mountains), and by Tchaikovsky's "March Slave," a patriotic document which leads into a stirring climax introducing the Russian national hymn.

—skies are bluer because of Natural Gas

The air you breathe, the linens you wear, are cleaner because the great majority of chimneys in Southern California are smokeless.

Here, the requirements of industry and of homes are served almost universally by natural gas. It gives heat without smoke—quick, high heat under perfect control, and it costs exceptionally little.

When you use natural gas in your home you enjoy all the benefits of a fuel that is clean. Why not ask your dealer or the gas company about modern gas ranges, refrigerators, water heaters and furnaces? The new appliances now on display have many vital improvements. Inquire, too, about the easy terms.

TAYLOR MURDER CASE AGAIN AIRED IN MRS. SHELBY SUIT

The mysterious murder of William Desmond Taylor, silent screen director, was brought to the front again yesterday in the court controversy between Mrs. Charlotte Shelby, mother of Mary Miles Minter, one-time movie star, and her eldest daughter, Mrs. Margaret Fillmore.

The women are suing one another for \$5000 damages and possession of furnishings in a home in Laguna Beach. It is their third legal battle in less than a year.

"She was always afraid of the Taylor murder case; that they were getting awfully close," asserted Mrs. Fillmore yesterday afternoon from the witness stand in Superior Judge Gould's court.

Mrs. Fillmore was on the witness stand under examination by Attorney Clyde F. Murphy, representing the mother, when the Taylor case again made its appearance. Murphy wanted to know if it was not a fact that Mrs. Shelby had bought the furniture at a downtown Los Angeles store

in her daughter's name. Mrs. Fillmore denied this and asserted she purchased the furniture herself.

In other testimony Mrs. Fillmore declared that her mother told her that she had given "the gun" to Mrs. Julia E. Miles, grandmother of Mary Miles Minter, and "told her to throw it in at Louisiana bayou."

The Taylor murder case was made a sensational feature of a deposition taken from Mrs. Fillmore approximately a year ago when the first of the civil suits between mother and daughter had their origin.

Court Notes

A settlement out of court late yesterday halted trial of the damage suits brought by George P. Adams, Los Angeles attorney, and his motoring companion, Luther H. Baldwin, against Mrs. LaVina McKay in superior court, as the aftermath of a traffic crash at Seventeenth street and Bolsa Chica road December 24, 1937. The jury had been empaneled for the case in Judge H. G. Ames' court but no testimony had been introduced when the settlement was made out of court. Terms of settlement were not disclosed.

Replacement of one 1933-model automobile for the county health department and addition of a new car for a department inspector was requested today by Dr. K. H. Sutherland, county health officer, and was granted by the board of supervisors. Supervisor Harry Riley suggested that the purchase be delayed several weeks until the 1939 models are out.

Two suits for divorce were on file today in superior court. Mrs. Virginia Maurine Webster charging James J. Webster with cruelty and asking restoration of her maiden name, Virginia Knott; while Dominick Benton charged Thelma Benton with desertion.

Inventory and appraisal of the estate left by the late Annie M. Sturdevant, who died last February 26, was filed in superior court today by Howard Irwin, state appraiser, who fixed a valuation of \$9218.95 on the estate.

SUPREME COURT JUSTICE IS DEFENDANT IN LOCAL COURT

Stepping down to the role of "just plain defendant," the Honorable Douglas L. Edmonds, eminent justice of the California supreme court, today was present in Justice Kenneth E. Morrison's court where he was flayed this morning in a verbal tirade by Attorney Ridley Smith.

Justice Edmonds is defendant in a suit filed here in 1937 by Mrs. Mary R. Dillon, of La Habra, who alleges \$420 is owed her by Justice Edmonds as interest in connection with an invested \$2,000 trust fund, which the jurist managed.

Defended by Attorney O. A. Jacobs, Justice Edmonds appeared in court this morning for the battle, and shortly after the justice court had convened, he had scored first blood in the encounter. This coup came when Justice Morrison denied a motion of Attorney Smith for judgment as prayed for in the petition.

Justice Edmonds then denied all allegations in Mrs. Dillon's plea, and declared he was not in a position to properly defend himself because of lack of information. It was then Attorney Smith verbally attacked the justice, claiming the latter had sufficient time since the suit first was filed to obtain all details.

The case is scheduled to last throughout today, according to Clerk Charles Tulane and other attaches.

Continue Libel Case To Oct. 22

Preliminary hearing of Burt Harwick and Robert Elliott, of Los Angeles, charged with criminal libel in connection with the printing of the "Fools Rush In" pamphlet, has been continued to October 22 at 2 o'clock, it was announced today.

The hearing was originally set for this afternoon in the court of Judge Halsey I. Spence in Fullerton.

Complaining witnesses in the case are A. B. Berry, Santa Ana newspaperman, and George Holden, Anaheim attorney and candidate for district attorney.

Harwick and Elliott were arrested after the "Fools Rush In" pamphlets had been traced to their Los Angeles shop.

To sell \$60,000 in such warrants, were granted by the county supervisors today. The board called for bids to be opened September 23.

DIRECTORS OF CHEST IN MEET

With the opening of Community Chest campaign headquarters in the Hill building 215 East Fourth street, supplied rent free through the courtesy of the S. H. Finley company, plans were rapidly being developed for this year's charity and welfare campaign which will be conducted under the leadership of Odlyn N. Robertson, it was announced today by Bob Fernandez, president of the Community Chest.

Chairman Robertson stated that last year's successful campaign has resulted in a willingness on the part of community leaders to serve in this annual appeal for Santa Ana's charity and welfare needs.

"Last year the citizens of Santa Ana showed their determination to support charity and welfare activities in a whole hearted manner, and as a result, these activities, so vital to community well being have been carried on in the past 12 months in a most effective and efficient manner," chairman Robertson stated.

"I feel confident that we can generously in this campaign, and generously in this campaign, and that our chest will be filled when the campaign is completed early in October."

Leaders are now being enrolled in the various departments of the campaign, and these in turn will enlist the force of 400 volunteer workers who will serve entirely without pay in the intensive fund raising effort.

A meeting of the Community Chest Board of Directors to assist the campaign chairman and president, and to lay further plans for the campaign, is being held this afternoon at 4 o'clock in the Y. M. C. A. Announcement of the leaders for the various campaign units will be made at an early date, it was stated.

DIXIE DUGAN

General Hugh S. JOHNSON SAYS

BETHANY BEACH, Del.—Why should the stock market hesitate or decline with increased fears of general war in Europe? If war began, it would cause, at the start, abnormal and panicky conditions. But if it ran the usual course of great wars, it would bring a boom in prices and business as sure as the sparks fly upward.

First of all, it always has. In the Napoleonic wars prices doubled. In our Civil War the price level doubled from 1861 to 1865. In the World War it a little more than doubled between 1913 and 1919. In each case it took exactly 14 years of slow decline to get prices back where they started. This might be called coincidence if there were no persuasive reasons why it should happen.

The first reason is that big wars on the modern plan almost immediately create tremendous shortages of supply. All markets become "seller's" markets. The need is desperate because the existence of nations depends on it. The short supply goes to the highest bidder and prices shoot through the ceiling.

This shortage is not merely in munitions of war. It exists in almost everything. Soldiers in the field under war conditions actually consume from 5 to 7 times as much cloth and leather as the same individuals in peace. They eat from 20 per cent to 50 per cent more. Cargoes are sunk. Dumps and bases containing vast stores are destroyed or abandoned. Reserves must be piled up. It is now well understood that this great excess consumption can't all be taken out of the civil population by too great restriction, because the morale of the home folk in the "nation in arms," is almost as important as the morale of the men with the colors.

As for almost all other commodities—all minerals, all important chemicals, many fibers—modern war is a contest to see which nation can destroy the greater quantity of these by burning them and hurling them at the enemy to drench whole countryside with fire and steel and gas. There is never enough. The demand is always far more than can be produced.

Another reason for soaring prices is that inflation of currencies in war is inevitable. As the credit of threatened nations declines, the buying power of their money declines—while only another way of saying that all prices rise. It is a certainty.

The effect of all these causes on neutral nations acting as bases of supply is equally certain. Even if their own credit increases and their currencies remain stable the other two causes are at work.

These forces naturally work first and farthest on producing countries where buying and transport is easiest and safest. Long sea routes—like that to Australia—or threatened sea routes through straits and canals—like that to Asia, are avoided. Even that from Europe to South America is longer and more dangerous than the voyage to New York, England, France and even Russia, if they were involved, would all look to the United States for overseas supply.

None of them could buy here on credit, neither private nor public credit. In 1914, our private creditors financed them only on collateral. In 1917 our Government bailed our bankers out, didn't take their collateral, and then granted unlimited credit to the Allies. It never can happen again. But it is estimated that their citizens own upward of eleven billion dollars in gold here, or in American securities, which their governments can grab, sell here and pay cash for supplies.

NEON COMPANY TO OPEN PLANT

Articles of incorporation were filed today for the Santa Ana Neon Company, incorporated, as Harold E. Mathews, secretary-treasurer of the concern announced plans to take over a factory building at 1629 East First street, formerly the Kaufman Spotlight factory.

The new corporation plans to move into the building by October 1. The building is of re-enforced concrete and contains nearly 7500 square feet of floor space. Offices for the concern will be established in an adjoining building.

Part of the new equipment for the plant has already arrived and installation of machinery capable of using 75 men will be set up at once. At present the firm employs 11 men.

George Exelle, vice president of the organization and Mathews, the two active members of the board of directors, have been associated in the neon business in Santa Ana since 1928. Since the organization of the Santa Ana Neon company in 1936 they have produced approximately 73,000 feet of neon tubing or the equivalent of 19 miles of light. The company now services the territory from San Bernardino west to South Pasadena, south to Long Beach, and along the coast as far as Oceanside. Nine families have been brought into the county since the organization of the firm and at least four more are expected in the near future.

Yesterday Linda buys full interest in the Pompey colt and then goes to the Downs to see her uncle put the horse into action. He tells her she is just in time to see Tom Cartwright.

CHAPTER XIV

A TUBBY little fellow of middling years came around the corner. Smiling Tom Cartwright. A good jockey in youth, he was now one of America's shrewd trainers; campaigning a stable for a millionaire who insisted on having stake winners in his barn. He had won two Derbies for his owner; now he was planning, half a year ahead, to win a third.

"Evening, folks," he said, stopping at the tack room door. "This the young owner?" He touched a broad-brimmed hat. "Glad to know you, Miss. I've got news. Talkin' cash tonight—"

"What's this?" Linda looked from Smiling Tom to Uncle Sandy.

"Tom, here, is tryin' to take a option on Golden Toy," Sandy Gordon explained. "He knows a colt that wins the Jockey Club Stakes in the fall is a sure Derby winner next spring—"

"So do others," Linda was all business. "Uncle doesn't know it—I just got here a moment ago—but I have a flat offer of sixteen thousand, and a filly thrown in to boot, for Golden Toy. If he wins. Can you top that? If not, no use talking."

It was a lie, a monstrous lie. No, Linda told herself, it was just horse-trading. Greek meeting Greek.

Smiling Tom lifted his hat, rubbed his bald pate, looked at Sandy Gordon. "And I thought I was a horse-trader, Sandy. He shook his head, but still smiled.

"Mr. Cartwright doesn't want to trade; I'll drive into town, give an option, Uncle—" With swift steps she reached her car. Jumped in. "See you tonight, Uncle Sandy." She threw on the self-starter, stepped on the gas, started off.

"Heh!" Smiling Tom ran after her. She stopped. "Yes?" "Wait a minute, Miss." Cartwright put a foot on the running-board. "Now, if you'll listen to reason—"

TEN minutes later Smiling Tom waddled off, an option in his pocket, calling for the purchase of the colt for \$17,500—if he won the Jockey Club Stakes. No purchase if he was beaten a whisker, even. Linda had not two, but five hundred dollars option money.

By 8 o'clock Callie had a furnished cottage in order; Linda's

typewriter keys were clacking when someone knocked on the door. Who was that? If it was a garrulous neighbor—

"Bruce!" she exclaimed, as she threw the door back. "How'd you find me?"

"I see Mr. Sandy every day or so. Here—take a look." He gave her a manila envelope. "Open—read." She glanced from the envelope to Bruce. This was a different Bruce, a more determined Bruce than she had ever known. "All right—sit down."

She opened the envelope. Drew out galleys—proofs of a short story. Bruce said: "Sold that last month—wanted to surprise you, so didn't mention it."

Linda's eyes swept through the lines. She looked up. "You rascal! You've put Uncle Sandy in this; he's the whole show!"

Bruce grinned. "No, just a composite of the Uncle Sandys in the Blue Grass. About time for a new character in light fiction: like Ephraim Tutt, or Tugboat Annie, or old Judge Priest—only different." He sobered. "They want more."

He got up, took the proofs from her. "Got to go—correct these tonight. Map out another one. Be seeing you." He smiled—and was out the door without another word. Linda stood still a moment. Heard his footsteps die out. A catch came in her throat—

She shook her head. "None of that, m'girl," she told herself grimly; sat down at the typewriter again, began pounding the keys.

FOUR days later Uncle Sandy asked, "Read the entries this morning?"

No, she hadn't. She, too, was busy writing. The old horseman sniffed. "And you the owner! Golden Toy—I dropped him into a condition race this afternoon. Six furlongs."

"Why—why didn't you tell me you were going to? I thought you had decided to hold him back for the Stakes?"

"He needs educatin'; you be in the paddock at 4 o'clock."

And at 4 o'clock Norman led the blanketed colt into the enclosure. The saddle bell rang; valets trooped in with their jockeys' tack. Norman brought the colt up; Uncle Sandy skillfully saddled him. Then jockeys—came down the tanbark path. Said the trainer: "I got Marder ridin'—best boy there be for handlin' a green 2-year-old."

Marder, who had ridden a thousand horses to victory, nodded; said nothing. Chewed gum as if unconcerned. The bugle sounded.

the call to the post. The jockey grasped the reins with one hand, his saddle with the other. "Up you go!" Uncle Sandy threw him up. The horses paraded out.

Linda, her nerves a-jangle, went with Uncle Sandy into the infield, to watch the race closely. "If there ain't no post delay—the trainer muttered. Then—"They're off!"

THE shout went up from the stands as the field shot out from the starting-gate. "Durn if he didn't get out in front!" Uncle Sandy said, as a great golden animal, ridden by a jockey in scarlet and purple, streaked ahead of the pack. "He's opened daylight—yes, sir, we got a right good colt."

Uncle Sandy spoke judiciously. "Now they comin' to the turn—he's opening up more daylight—" "Whoa, there!" the trainer shouted excitedly. His trained eyes saw it first. Now Linda saw—and her heart seemed to stop. Golden Toy was running wide coming into the stretch—running to the outside fence—Marder was fighting him—

"Oh, shucks!" Uncle Sandy exclaimed. "Come on—race is over for us." But it wasn't—quite. The colt lost a half dozen lengths on the run-out; but Marder, speeding him along the tow-path by the outer rail, managed to finish third.

The disappointed crowd—Golden Toy had been heavily played—hissed and booed as Marder rode back to weigh out. Uncle Sandy took Linda's arm. "Don't worry, honey—the crowd's always a

Motion Picture Made At Beach

HUNTINGTON BEACH, Sept. 13.—The first moving picture produced and directed by local talent will soon be completed and ready for a jaunt around Orange county, where it will be shown to pupils in public schools.

The setting was on the local beach. The stars were the Misses Rose and Betty Derigo, who were "rescued" by an all-male star cast consisting of Chief of Life Guards Bud Higgins and assistants, Nolan Hasson, Gale Bergey, Claire Van Hooresbeke and George Bissett.

Gordon Edlington, a member of the Orange County Camera club, is the artist who took the pictures with his moving picture camera. The pictures will first be shown at local organization meetings, and then sent to the schools of the county.

CITY SEEKING \$50,000 LOAN

Prompted by pressure of city bills, city council in special session last night authorized City Clerk E. L. Vegely to advertise for bids on a loan of \$50,000 to the city for 80 days when delinquent taxes on payments of delinquent taxes is expected to be received from the county auditor.

The action was taken in the form of adoption of a resolution, presented by City Attorney Lew Blodgett and bearing the recommendation of City Auditor Lloyd Banks. It was pointed out by the latter that heretofore, a city ordinarily was advanced sufficient funds for needs, but under conditions of a state law enacted in 1937, it was made possible for a city to borrow funds instead of seeking advances. A promissory note to be executed by the city will be secured by a lien on monies due the city from delinquent tax payments, officials said.

Procession Marks Rites for Cardinal Hayes

Here's the impressive scene at St. Patrick's Cathedral, New York, where the most colorful Roman Catholic Church in North America moved to a solemn pontifical Cardinal Hayes. The throng that gathered to pay tribute to the prince of the church was so great that it filled the vast cathedral and overflowed by thousands on roped off streets.—Acme Telephoto.

Kindergarten is the best possible introduction to school. It is here that the little child first learns to leave his home and his mother and go out to live happily among children of his own age. It is here that he begins to learn to cooperate with other people. Up to this time he has been a lone pilgrim. From now on he becomes a member of the banded brotherhood of childhood.

There are still many elementary schools in which a whisper, a sound of laughter, a murmur of voices in a classroom is considered a crime against law and order. The standard of these schools is the stillness of the silence. If that standard is set for the kindergarten the class might better go out into the park and play as hard as they can. They will learn much more and be far healthier in body and mind.

Little children of kindergarten age have a duty to perform. They have to grow their bodies, coordinate their nerves and muscles, perfect the control of eyes, hands, voice and language. The great essential for their purpose is activity. They must use their hands, their eyes, their voices; they must use language; they must keep their muscles active in the way nature ordained them to be used—in play. It was for this reason that kindergartens were organized. Activity in cooperation with others is the fundamental principle of this phase of child education.

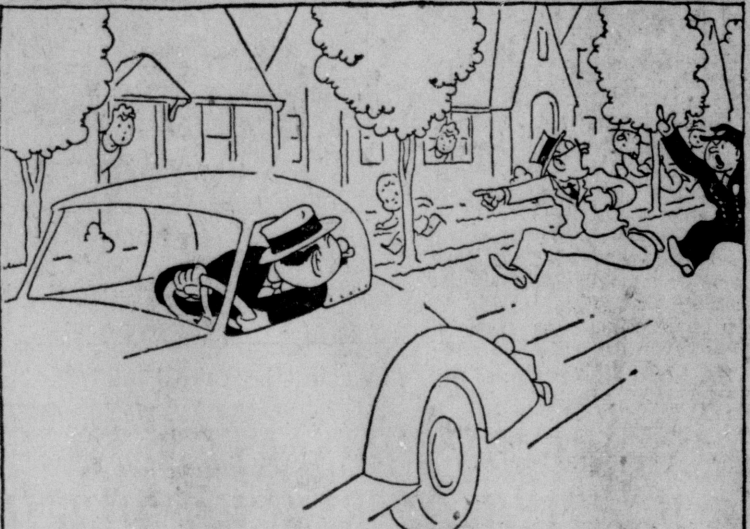

Whenever this activity is hushed, whenever children are doomed to play in silence, walk on tip-toe, whisper, wait, sit and be still, the motive for kindergarten class is absent. In its stead is a deadly form of machine control that kills the thing we want to keep alive and growing. In the morning circle there is quiet attention, controlled posture, group singing. Gradually release is offered as the children skip and march, sing and march, skip in time to the music. Then comes the group work at the tables. There the children work in groups; they help with the common project; they talk to each other about it just as grown up people talk while they work together. If the work is set right there is no thought of disorder in the children's minds. The spirit of the job is on them and they work harmoniously. But—and here is what troubles the school supervisor whose god is Silence—there is a buzz, a humming in the room, punctuated every now and then by a ripple of laughter, a crash of blocks, an exclamation of dismay as a color-pan spills. What of it? This is the garden where children are growing. Noise, waste, confusion of a sort, always accompanies growth. Only in death are children ever still. And what has the Great Shadow to do with the Children's Garden?

The best discipline a child may know is the self-discipline he exerts as he works and plays with children his own age. Imposed discipline is wasted time and energy. The kindergarten is no place for it, nor is it the place for any of the formal disciplines like reading, reciting in public, doing number work and the like. It is what the name implies—a garden for children to grow in. Surely that is as it ought to be.

PARKING PROBLEM IS UP TO GOVERNMENT. SAYS PLANNER

"The responsibility for provision of adequate terminal facilities or parking space lies with the government and not with private enterprise." This was the theme developed by Gordon Whitnall, city planning consultant, at a joint meeting of members of the Santa Ana Chamber of Commerce, city and county planning commissions and city and county officials, yesterday at the Green Cat cafe.

The answer to the problem of providing parking not only for the full-day parking population composed of employees and executives who work in the downtown areas but for the fluctuating, turn-over buying population is yet to be found, Whitnall declared. "It is just from such gatherings as this present that we hope to find the answer to the problem," he said. "Almost since the beginning of the history of roads it has been recognized that the building and maintaining of the highways was a governmental responsibility. In the last three decades since the invention of the automobile work has gone on in the study of methods of improving highway facilities and the success of each depends on the other."

"In aerial transportation the problem of providing highways was automatically solved and the problem of providing terminal facilities became paramount. It is only within the last 10 years that the problem of providing terminals for the automobile has been given any study. In many metropolitan areas there has been private experimentation in an effort to solve the reasons for the 'dry rot' that is eating into the property values in downtown areas of every city in the nation. We have all seen instances where old buildings, unrented, have been torn down to make parking facilities. Decentralization of business has come as a natural result of over crowded city streets and lack of parking space but the real solution to the problem is yet to be found," Whitnall concluded.

Members of the county planning commission present at yesterday's meeting included Dr. Walter Bingham, chairman, O. L. Hall, A. A. Board and Harold S. Johns. The Santa Ana city planning commission was represented by William F. Croddy, chairman, Mrs. Ora K. Heine and Charles Walker. Other guests of honor were: Mayor Fred C. Rowland, Councilman William Penn, Councilman Ernest Layton, Councilman Joseph P. Smith, County Surveyor Wallen Hilliard, Supervisor Harry Riley, Fred Merker, president of the chamber of commerce presided at the meeting.

Jimmie Fidler in Hollywood

HOLLYWOOD, Sept. 13.—Don't ask me why, but perfectly normal people come here and linger long enough to chew a prop lotus leaf or two, invariably seem to lose their perspective. Just now I have in mind three youngsters from Connecticut who arrived a few days ago in a 1928 car, and, kidlike, started asking movie stars to autograph their ancient jalope in white paint. It was "something different," so most of the stars whose signatures they requested laughed and painted. Columnists wrote a few lines about the innovation and, before long the boys were well known.

Mind you, these kids had no money. Coming to Hollywood, they ate what they could get, slept where they could—and loved it. They were having a lark. And they retained that spirit until the spouses of our current "Motion-Pictures-Are-Your-Best-Entertainment" drive suddenly got an idea. They decided the kids' stunt would be good publicity for the industry and offered them plenty to parade their autographed car through certain towns on their way back to Connecticut. Today I had a chat with Frank Pinney, the oldest of the boys. He's all upset because he thinks he and his companions are not getting enough money. Internal dissension has already sprung up between the three—and what started out as an amusing picnic has become a hard-boiled business deal. They're no longer skylarking youngsters—they're now disillusioned Hollywoodites. Our prop lotus leaves are an unhealthy diet.

Some years ago, when Clark Gable was on his uppers, he was befriended by a studio business manager. Then the Hollywood sea-saw started working. Clark became a star, the one-time business manager, having lost his job in an economy wave, became an extra—peniless, but too proud to call on his former friends for aid. One day last week the two accidentally met on a Metro set. The extra looked another way, but Clark, having recognized him, marched him off to his dressing room and pumped him until he harvested the whole hard-luck story. Then he took him into the M-G-M casting office and got him a permanent job as a member of the studio stock company. Naturally, the extra was grateful. "What can I ever do to repay you?" he asked. "Well," grinned Clark, "your wife used to cook the best steaks in town. From now on you can invite me to your house once a week for a steak dinner." All of which may give you a rough idea of the "why" when I refer to Gable as a regular guy.

Don't know whether I inadvertently used the expression in this

LAYTON VOTES AGAINST BILL

With the injection of a surprise element last night into city council's consideration of the proposed temporary water-rate increase ordinance, the projected measure was changed from emergency status to ordinary legislation, and now cannot become effective for 30 days, if finally enacted.

The surprise came when Councilman Ernest H. Layton switched to the sole opposition last week of Councilman Joseph P. Smith, and forestalled the effort of the majority of council to gain a four-fifths vote which is necessary for the enactment of an emergency measure.

Quick maneuvering, however, on the part of Councilman Plummer Bruns brought the bugaboo ordinance bobbing up again within five minutes after it had failed its final reading as an emergency affair. Bruns, after short conference with City Attorney Lew Blodgett presented a motion re-offering the ordinance setting up the effective date of the measure for 30 days, and striking out the emergency clause. This motion carried by the same vote as the emergency ordinance was defeated, as follows: Yes, Mayor Fred C. Rowland, and Councilmen Bruns and William Penn; no, Councilmen Layton and Smith. The vote was carried out in placing the "new" ordinance on its first reading. It likely will come up for second and final reading at the regular meeting of city council next week, and probably will be passed.

The measure, it was pointed out in introductory remarks by Mayor Rowland, is designed with the sole aim of raising \$50,000 in seven months to apply on the city's share of rebuilding the outfall sewer line torn out by the last March 3 flood. "And is not a matter of raising water rates," Mayor Rowland said, "but a matter of collecting money for the city's share of paying the outfall repair bill, and if the money is raised before the time specified, the ordinance immediately can be repealed."

Petitions offered Opposition to passage of the emergency ordinance came from two sources. One was a petition signed by 24 persons, and the other from two men attending the council meeting. The latter condemned the measure on the ground it struck at the "little fellow," who could pay better through another means of raising the money, and that another source should be found for the outfall expense. Councilman Penn then volunteered there was an existing mis-

HOWARD URGES DRIVING CARE

Police Chief Floyd Howard today emphatically reiterated his plea to the motoring public in Santa Ana and elsewhere to cooperate with the department in maintaining this year the eight-year record of no accidents involving local school children in their trips to and from schools.

"Motorists in general deserve great praise for this splendid record," Chief Howard declared, "considering the fact there are between seven and eight thousand boys and girls in our schools. We are trying to do our part as usual by providing special school crossing guards, and several motorcycle officers have been assigned to traffic duty in the neighborhood of schools when they are opened, at noon, and in the afternoons."

"With a little effort and constant care, we can extend this fine record all through the school term. We have a good start now, and if the motoring public will support the theme of the drive, there is no doubt of another 'non-accident' year."

The commissioners recommended the area be posted for change and that the date of hearing set. It was pointed out by City Clerk E. L. Vegely that two other similar hearings also had been set for that date.

MRS. IRVINE'S MARE WINNER

Brilliantly sweeping the field, "Polly," beautiful mare owned by Mrs. James Irvine, took three first places last week at the California state fair in Sacramento, including the contest for California Stakes.

This was the announcement today of L. D. Thrall, cattle foreman for the Irvine ranch, who has returned both Polly and Chappa, another mare that also was exhibited at the Santa Ana horse show, to the ranch.

In the lightweight class, Polly, ridden by Don Thrall, took first place; while Chappa, ridden by Carl Heilm, took only fifth when she slipped. In the open class, Polly was first and Chappa second, and in the California Stakes, Polly won, and Chappa was third. This is the third separate time that Polly has won the California event, similar to the one in which she won first place last spring in Phoenix, Ariz.

Thrall indicated the same horses would be entered in events at the Los Angeles county fair at Pomona, which opens September 16.

Grant Probation To Wm. Duncan

Pleading guilty yesterday before Justice of the Peace Kenneth E. Morrison on a charge of having violated the state law for licensed contractors, William Duncan, of Santa Ana, today had gained "probation" of the court.

According to the complaint and testimony, Duncan had supervised installation of cement foundations in at least two instances on a small scale, but had failed to make them conform to requirements under the state law.

Judge Morrison deferred pronouncement of judgment for two years "providing there shall be no other violations, and providing that if there are, this case shall be taken into consideration in pronouncement of judgment in the new case."

District Deputy of O. E. S.
Is Accorded Guest Honors

Coincident with the thirty-first anniversary of her marriage, was the special honor paid last night to Mrs. George Shippe by Santa Ana chapter, Order of Eastern Star, which she served in 1933 as worthy grand matron, and which last night expressed its interest in her honors as district deputy grand matron of the California organization, O. E. S.

This gala affair was staged in Masonic temple, where the hostess chapter was joined by chapters from the 60th district served by Mrs. Shippe, in making the evening a memorable one. Autumn's choicest blossoms were used to enhance the dignified beauty of the chapter room, and there Mrs. Sue Henry and Forest White took their places as worthy matron and patron, with their officers joining them in the events of the evening.

Vivid Pageantry
Raymond Spaulg, who had been worthy patron in Mrs. Shippe's year in office, came from his Carlsbad home to act as master of ceremonies, and he led in the pageantry of the escort honors. The bride of 31 years ago could have looked no lovelier than she did last night in her formal gown of blush-pink crepe, with which she carried a great cluster of snowy bride roses.

Masters of ceremonies duties handled by Mrs. Shippe, included introducing program features. Little Miss Harmer sang other songs, including a Lullaby, "Says My Heart" and "Goodnight Angel." John Vale added three beautiful solos, "Sunshine of Your Smile," "Sylvia" and "Smilin' Through." Mrs. Edwards, the grand conductress, gave additional beauty to the program with her songs, which included Cadman's "From the Land of the Sky Blue Water."

Happy Anniversary
Full realization that her chapter was aware of the date's significance, came to Mrs. Shippe when she was overwhelmed with beautiful gifts. Many were from her associate officers and those of her year as head of Santa Ana chapter. From her district officers came the substantial gift of silver, arranged in a shining silver bell wreathed with flowers. The marriage of Miss Jennie Polk and George Shippe occurred in Pinckneyville, Ill., September 12, 1907.

Half of the years of their happy married life have been spent in Santa Ana where Mr. Shippe is chief engineer of the city's water department.

The wedding anniversary theme was uppermost in the banquet room to which the crowd repaired. Lace spread table where flat silver-covered containers held white chrysanthemums starred with pale green bouquet tapers, encircled a handsome bridal pair. The life size figures, loaned by the Rankin Drygoods company and Vandermaars, Inc., were posed beneath a trellis intertwined with vines and white flowers. Behind the figures were five "Bridal maids" Past Worthy Matrons Dollie Dimmitt, Betty Gowdy, Flora Bruns, Florence Wright and Irma Folger, all wearing smart formal gowns, and shepherdess hats of delicate pastel colors.

After entry of Mr. and Mrs. Shippe and other special guests, these attendants stepped to their places at the silver urns to pour coffee served with a variety of open face sandwiches, individual iced cakes with wedding bells, nuts and mints. The committee in charge of the pleasant interval included Florence Wright, general chairman, Lillian Dawson, Jessie Jennings, Rose Smith, Clara-belle Rousseau, Gracia White, Virgie Holmes, Carrie Cole, Ruth Milner, Janice Turner, Pearl Lyman, Estelle McFarren, Katherine Goode, assisted by Walter Wright, Charles Ryan and Harry Roberts.

Deputy Grand Officer
Attends Daughters'
Dinner Meeting

Deputy Grand President Theresa Stafford of Ontario was honor guest at a dinner meeting of Santa Ana parlor Native Daughters of the Golden West Monday night in Knights of Columbus hall.

Mrs. Stafford installed Mrs. Robert Farrar third vice president of the parlor, Mrs. Walter Hickey, president, who conducted this opening meeting of the season, presented corsage bouquets to the deputy grand president and to Mrs. Farrar.

It was reported that Santa Ana parlor was well represented at a meeting held recently at Los Angeles Women's Athletic club, when presidents and past presidents of the various parlors were called together by Hazel Hanson, one of the grand officers.

Business matters Monday night were preceded by the serving of covered-dish dinner arranged by Estelle Dresser. Decorations were especially effective at the table where birthday celebrants were seated. In the honored group were Edna Edwards, Florence Watson, Caroline Opp, Evelyn Farrar, Elva Selvidge, Irene Cook, Mae Salter, Elsie Hickey, Eunice Reid and Mrs. Baldwin. Each received an individual birthday cake lighted with a candle.

Gladys Edwards will entertain Native Daughters card club Tuesday evening, September 20 at 8 p. m. in her home in Placentia.

Osteopathic Auxiliary
Resumes Activities

Since the occasion marked the opening of the 1938-39 year for Orange County Osteopathic auxiliary, a meeting of the group Saturday afternoon served as a get-together of members. Hostesses were Mrs. Lawrence Young and Dr. Julia Hinrichs.

Mrs. Young's home, 2112 Greenleaf street, was scene of the affair, which began with the serving of dinner at tables adorned with bubble bowls of roses. The centerpiece served as prizes rewarding Mrs. Jackson Scott and Dr. Mary Wright for their high scores in bridge; Mrs. Horace Leeling and Miss Julia Magill, in Chinese checkers.

The attractive flower arrangements for the party showed the artistry of Dr. Hinrichs. Gifts were presented to Mrs. H. J. Howard and Mrs. Scott, retiring president and program chairman.

Mrs. Loman Adams, who has been absent from meetings since receiving injuries in an accident two years ago, was welcomed. Others present were the new president, Miss Julia Magill and Dr. Julia Hinrichs, Dr. Peryl Magill, Dr. Mary Wright and Mesdames J. H. Howard, R. W. Tibbitts, Lawrence Young, H. W. Leeling, A. E. Vallier and Jackson Scott.

The next meeting will be held Saturday, October 1 at 2 p. m. in the home of Mrs. W. W. Illsley of Fullerton.

Informality Prevails
At Weekend Affair

Buster Keaton, motion picture actor who has just signed with Fox studios to direct a new Jones family series, was a week-end visitor in the home of Mrs. E. A. Reid and Mrs. Martha Ritchey, McFadden street.

Mr. Keaton's mother, Mrs. Myra Keaton and Miss Dorothy Sebastian were other week-end guests of Mrs. Reid. They were joined by Mr. and Mrs. Marion Manning and son, Douglas, of Orange, for an informal dinner party the first night of their visit. Mrs. Reid, Mrs. Ritchey and Jack Fredericks of the home completed the party.

Mr. Fredericks, Mr. Keaton and George Wanger spent Sunday morning dove hunting at Trabuco canyon. For picnic dinner that evening, guests were seated at a table set beneath the famous old mulberry tree at the Ritchey home, Mr. and Mrs. R. Crenshaw of Pasadena and Mr. and Mrs. George Wanger and son, Bruce were among the guests. Croquet, ping-pong and bridge were played.

Damascus White Shrine

Each year members of Damascus White Shrine give a Halloween carnival, and plans already are under way for a gala affair which the organization will stage Friday night, October 28 at 8:30 o'clock in Masonic temple.

Members discussed arrangements for the event at the latest meeting in the temple. Worthy High Priestess Phyllis Wright will be general chairman of the party, which will include dancing and other features as entertainment.

The recent meeting was preceded by covered-dish dinner served under direction of Mrs. Wright and Mrs. Pearl Hyde. Prizes in cards went to May Ziegler and W. O. Patterson in contract bridge; Mrs. Ada Sutherland and E. S. Ogden, auction.

Plans were announced for a rummage sale to be held September 23 and 24 in the Hill building.

Two Affairs Arranged
In Compliment to
Mrs. Coulter's Guest

Mrs. J. A. Parker of Napa, Calif., who plans to leave this week for San Francisco after a delightful visit with her cousin, Mrs. R. E. Coulter, 424 South Birch street, was incentive for two hospitalities late last week.

First of the parties was given by Mrs. W. H. Harrison and Mrs. Jessie E. White, who received at dinner in Mrs. Harrison's home, 1406 Bush street, Zinnias from Mrs. White's home gardens centered the lace-spread table, to whose decorative design the daintiest of figurines added their grace and charm.

Following dinner, the group attended a theatre, sharing the evening with Mrs. Harrison and Mrs. White were Mrs. Coulter and Mrs. Parker; with Mrs. L. C. Fairbanks, Mrs. Harry Evan Owings, Mrs. Warren Brakeman, Mrs. Mac O. Robbins, Mrs. Charles Nalle, Miss Lulu Minter and Miss Gertrude Minter.

The same group of friends was joined by Miss Effie White for luncheon Saturday at Hotel Laguna, where Mrs. Coulter entertained in honor of Mrs. Parker. A visit to the art gallery and to village shops brought the afternoon to a pleasant conclusion.

Writing Club Resumes
Program Meetings

Formal programs after a summer of occasional sessions, were resumed last night by Quill Pen club members when they were entertained by Mrs. Catherine Conover in the home of Mrs. A. M. Scott and her daughter, Miss Levenia Scott, 320 South Birch street.

Brief time was given to business under direction of the president, Mrs. J. U. 'Viau, who asked that the next meeting of the group be with her at 325 South Orange street, Orange, when the plan will be introduced of twenty minutes of writing on a subject to be announced at the time. Manuscripts will be provided by Miss Lella Watson, Mrs. Marah Adams and Mrs. Harry M. Smith.

One of the most interesting things about last night's program was provided by a guest, Miss Margaret Tedford, introduced by Mrs. S. B. Marshall. The latter read a little story which Miss Tedford had written for children, "Clarice and Peter Go Fishing," followed by a group of poems charming in the freshness of their phraseology and verse forms. They included "Strawberry," "Joke on Jim," "Gnome," "Teacups" and several others.

Miss Watson laid aside a manuscript of her own, to read instead a story by Mrs. Frank W. "Blessed Be the Name of the Lord," which had been re-written in accordance with earlier criticisms offered by club members.

Concluding the enjoyable evening, Mrs. Conover served refreshments with the assistance of Miss Scott and Mrs. C. J. Berquist, club guests with Miss Tedford, Mrs. Scott, and Mrs. William Rowlands, house-guest of Mrs. Marshall Harlow. Members present were Miss Watson, Mrs. Harlow, Mrs. Viau, Mrs. Marshall, Mesdames Frank Willsey, Harry M. Smith, Blanche Brown, William Fritcher, Marah Adams, Emmett Elliott, and the hostess, Mrs. Conover.

Nautical Theme Used
At Club Dinner Party

Entertaining Merry-makers club members at the Pepper Tree Inn Laguna Beach Saturday night, Mr. and Mrs. Walter Alexander observed a nautical theme in all details of the enjoyable affair.

Combination place card-tallies were in blue and white, appointing a long table brightened with asters. Dinner was served in advance of bridge play, which brought prizes wrapped in two shades of blue for Mrs. Robert Korff and Mrs. Earl McBay, who scored first and second high for women; Frank Dane and Frank Bettis, first and second high for men.

Climax of the evening came when fruit punch was served and R. P. Meairs offered a toast in celebration of the club's eighth birthday.

Guests were Mr. and Mrs. Robert Korff and Mr. and Mrs. Ernest Byrne, sharing the evening with members including the hosts and Mesdames Earl McBay, Frank Dane, Frank Bettis, Thomas Tournat, R. P. Meairs, Harold Smith and Kenneth King.

Bridal Shower Guests
Received by
Quartet of Hostesses

In Santa Ana for a short visit, Mrs. Herbert Lindstrom (Helen McCann) was incentive for a bridal shower Saturday night when a foursome of hostesses entertained in the home of Mrs. V. C. Croal, 2370 Riverside Drive.

Giving the affair with Mrs. Croal were Mrs. Lester Beck, Mrs. Clarence Siemonsma and Mrs. William L. Faulkner. They decorated the home with quantities of white dahlias and other flowers. The daintiest of blue blossoms gave a touch of color to the bouquets.

Bottles of cologne were prizes rewarding Mrs. U. J. Engelmann and Mrs. Harry Wilson for their crystal and linen sets. Gifts of crystal and linen were presented to Mrs. Lindstrom, a bride of Saturday, September 3 in San Diego. Several years ago Mrs. Lindstrom made her home with her aunt, Mrs. E. G. Summers while attending Santa Ana High school.

Chicken salad and rolls as the first refreshment course preceded the serving of individual cakes with ice cream of pink slipper design. White flowers were clustered on the bases of tall tapers which lighted the tables.

Invited to share the affair with Mesdames Croal, Beck, Siemonsma and Faulkner were the honoree, Mrs. Lindstrom and her two cousins, Mrs. Mona Summers Smith and Mrs. Richard Emison; with Mesdames Barney Brock, Herbert Handick, E. H. Wetzel, W. L. Tubbs, U. J. Engelmann, Clifford Quisette, S. A. Southard, Kenneth Harbert, Walter Shaw and the Misses Winifred Iman, Agnes Liebermann, all of this community; Mrs. Henry Bareman, Anaheim; Mrs. William S. Hammel (Maybelle Edwards) of Cleveland, Ohio; Mrs. Harry Wilson and the Misses Mildred Donovan and Bernice Gohres, Los Angeles.

**Slumber Party Shared
By Merry Group**

Excitement proved to be the keynote of an event which Miss Barbara Jennings gave last week, when she regaled a group of friends at a slumber party at the home of her uncle and aunt, Mr. and Mrs. E. C. Kritzer, 824 North Bristol street.

Early in the evening came a hamburger fry for which guests were seated at an outdoor table. A moonlight walk to Santa Ana Municipal bowl was a pleasant feature of the evening. One of the neighborhood boys earned the title of "Flashlight Bill" when he tried to frighten the girls during the course of the party.

Beds were made on the floor, and the slumber party was underway. The following morning the group assembled in the garden for breakfast of hot cakes, honey and sausage. They motored to Newport Beach for swimming as a climax to the affair.

In the group with Miss Jennings were her houseguest, Miss Evelyn Stephens of Yuma,

TO WINTER ON RANCH

Mr. and Mrs. Adolph Erickson, 1041 West Sixth street, left today for San Bernardino, where they will spend the winter months at the ranch home of their son-in-law and daughter, Mr. and Mrs. Clarence Roberts.

Mrs. R. F. Bippus and daughter, Miss Betty Jane Bippus of Chicago, and the former's niece, Miss Isabel Anderson of LeGrange, Ill., completed a summer visit in the Erickson home on Saturday and left for the east. Miss Bippus will enter Northwestern university. She is a niece of the Ericksons.

Mixing Bowl

BY ANN MEREDITH

Salad, hot rolls, dessert and coffee, usually make the menu for a small lunch party. The idea is sound because it entails so little actual hardship on the hostess. And guests, trying to keep weight within bounds, aren't badly bent ... they can always top with dessert, and drink coffee, black.

The salad recipe, given here, was tried out and proved so good, I am passing it on. (It was served with cheese straws and tiny sandwiches, but tiny hot rolls or hot biscuits would be equally good.)

Deluxe Tomato Salad,
Moulded in Individual Rings
1 cup tomato soup
1/2 pound full cream cheese, grated
1 1/2 tbsps gelatine, softened in 1/2 cup cold water
1 cup mayonnaise
1 cup chopped celery
1 large green pepper, chopped
1 small onion, minced
2 tbsps tomato catsup, or chili sauce
2 tbsps lemon juice
Dash of salt, pepper and cayenne

Heat the soup, add cheese and whip until the cheese melts, then

add the softened gelatine and water and stir (off fire) until melted. Cool this mixture, and, at the jelling point, stir in mayonnaise, catsup, lemon juice and chopped vegetables. Taste, and flavor as desired. Pour into mould (or a mould) and chill until well jelled. Serve on crisp lettuce hearts, with French dressing. (The recipe makes eight individual moulds.)

Ideas of all kinds that appeal to women will be received with open arms at the Mixing Bowl. In exchange, one of the Calory Lists will be sent to each donor, but we do ask that stamped, return-addressed envelopes accompany each recipe or idea-contribution.

TODAY'S RECIPE

Noodle Dish

1 package of wide noodles, cooked in salt water
1 No. 2 can of tomatoes, sieved
1 to 1 1/2 cups of chopped cooked meat, preferably pork
1 small onion, chopped
Grated cheese, a large cupful
Salt, pepper
Bread crumbs, buttered

Use a wide flat casserole. Arrange drained noodles in bottom, the tomato sauce poured over the noodles. Next come the onion, then the chopped meat, half of the cheese, the remainder of cheese mixed with the crumbs spread over top of dish. Bake the casserole in a moderate oven until quite dry.

Serve with a tossed green salad, hot French bread with garlic, butter, hot baked apples, with cookies or doughnuts.

This recipe came in as a "Fruit Salad Dressing," but I thought it had much greater possibilities as a Fruit Salad Ice Cream. The recipe is given here as Part 1 and Part 2, the first part showing the original recipe.

Fruit Salad Ice Cream

Juice and grated rind of:
1 orange and 1 lemon
1 cup sugar
1 well beaten egg
(Cream as desired for mixing dressing.)

1 Tablespoon finely chopped cit-

ron
1-3 cup minced maraschino cherries
11-2 cups double cream, whipped to stiff froth
1-2 teaspoon lemon extract and 6 drops of almond extract.

Combine (part 1) fruit juice, sugar and egg and cook to thick sauce in double boiler. Cool. Combine custard with whipped cream, chopped fruit, etc. and smooth into refrigerator freezing pan. Do not stir while the cream is freezing. The recipe will serve eight, but portions will be small. I suggest serving the cream on angel food cake.
